The project is based upon inclusiveness for all, regardless of disability/special needs or the non-disabled, particularly the deaf and hard of hearing. »**To Be Inclusive**« is the event motto, offering the deaf and hard of hearing, as well as other volunteers, the opportunity to try their hand at waiting on tables and various activities in the hills and mountains. Examples of inclusiveness through cooperation and establishing multilingual communication will be presented. The Committee promotes integration and engagement for social improvement, as well as raising the awareness about the abilities of the deaf in the hard of hearing and the establishment of cooperation between people who love the mountains and hills.

Participants will also have the opportunity to become acquainted with Slovenian Sign Language (SLS) and the lives of the deaf and hard of hearing.

We invite you to visit us in one of the 10 lodges and participate in the campaign intended for all of us. We are looking forward to your visit, and meeting you, your family, friends, colleagues, etc.
